

Application

for Energy Service and Product Providers Success Stories

Promote your products and services and help small businesses save money and energy by submitting a success story on behalf of your client. If your story can help other small businesses save money through energy efficiency, we will put it online and promote it in other ways too—here is your chance to tell us about it. Please complete and fax this application to (301) 977-8474.

QUESTIONS? Call 1-888-STAR YES, or **Visit** www.epa.gov/smallbiz.

Please print clearly in blue or black ink.

How did you hear about ENERGY STAR for small business?		

Please answer the following questions. Feel free to use additional pages, if necessary.

How have costs been reduced through energy efficiency? You may include changes you made, why you decided to make changes, how long they took, and how the changes were financed.

Other than cost savings, how has the business benefited from the upgrades? For example, has the business experienced cost savings, utility savings, improved productivity, increased sales, or local media coverage?

Please tell us about any obstacles or successes along the way.

Any lessons learned? What recommendations would you make to other small businesses?

Here's your chance to show us what you've done.

Filling out the information below is not required to be considered for the award but will help us distinguish you from similar applications.

Stage One: Lighting
